I signed up for my first Pilates class and used the mat provided by the class on the first day. After realizing that it was covered with other people's perspiration and plenty of floor dust, I decided I would like to order my own mat. I bought this mat based on the great reviews it received and I have to say that it meets all of my expectations: thick, odor-free, and non-slip. I have also used it for a PiYo class and for daily stretching and strengthen exercises. I washed it as recommended after receiving it and hung it up to dry. I have a front load washer so it washed up very nicely...not sure how it works in a top load machine, but none of the reviews I read mentioned any problems. I bought the mat in the Solar color and it was a little more muted in color than what shows on the product page, but I still like the color.
