This is the best yoga mat I've come across in over 25 years of practicing yoga. It has nice thickness without being too squishy, good grip, a pleasant texture, pleasing color (I chose Solar), and it leaves a slight, temporary imprint so I can keep alignment. Plus, it has good vibes.

Received my mat as a Gift and had problem at 1st with slipping as most new mats will have, the company sent me directions with the mat as well as they contacted me within hours after I called them with not only directions, but sent me their Rosin Bag to help while I sweat. Great product and really helps.

I've been doing yoga regularly for several years and have owned a few mats. This one is really great, especially for the price. I was a little weary of prepping it by putting it in the washing machine on hot as the instructions suggested, but I did and it came out just fine. No slippage, no smell, nice length, and the right amount of padding. The company comes across as really caring about the quality and presentation of their product.
