Product Description

Aurorae's *Yoga Slip Free Package* combines our *Yoga Slip Free Rosin Bag* with our *100% Cotton Sport Sweat Towel*. Aurorae Yoga Rosin Bag has been developed to aid in the prevention of slipping on your yoga mat.

This yoga accessory is similar to what gymnasts, bowlers, tennis players and baseball pitchers use where perspiration creates slipping problems when a firm grip is necessary to maximize their athletic performance. Our Aurorae Yoga Slip Free Rosin Bag increases your gripping power and absorbs perspiration with the slight touch of the bag. The rosin should be applied to both your hands and feet, and even sometimes your yoga mat, before your practice and added as needed during your exercises. You can put some on the mat itself where your hands and feet go for your downward dogs. Please make sure you store your Aurorae Yoga Slip Free Rosin Bag in the zip lock bag that it comes with to increase its life.

The Rosin Bag works incredibly well with our Yoga Sport Sweat Towel to keep you from slipping on your yoga or exercise mat. Our new Yoga Sport Sweat Towel, with embroidery, will keep you dry and help prevent you from slipping on your mat. It is 100% Natural Cotton Terry, the best natural fiber to absorb perspiration and keep you dry during your practice.

It is just the right dimensions at 16"x23" to keep you dry yet still be practical enough to easily fold into your yoga bag. Machine washable and hemmed on all sides for long lasting quality that you expect from Aurorae. A great value when purchased together.
